Seaborn, Broughton & Walford Foundation
1986-2016

'The mission of the Seaborn, Broughton & Walford Foundation is to promote and encourage the knowledge, understanding, appreciation and enjoyment of drama, opera, dance, mime, music, puppetry and all other forms and facets of the performing arts in all their expressions within Australia. This is made possible by providing financial and other support for a wide variety of individuals and organisations involved in Australian theatre and performing arts through the funding of grants and projects, fostering and promoting education, training, research and scholarship by preserving and making accessible the resources of the SB&W Foundation Archives and Library and supporting the Griffin Theatre Company in its role of developing and staging leading new Australian writing and theatre.'
